TO: All Police Department Personnel  
FROM: Patrick K. Dooley, Chief of Police  
SUBJECT: Health Safety Information  
DATE: February 6, 2017

It has come to my attention that the owner of Cruisers (located at 319 23<sup>rd</sup> Avenue, South) has given indications that his employees have in the past or will in the future spit saliva in the food of law enforcement employees. While I will not issue an order prohibiting patronization of Cruisers, please use caution for health and safety reasons if you choose to eat at this establishment. I am providing you this information so that you may make informed personal decisions.

Should Cruisers, its owner, or its employees request police assistance, my expectation is, as always, that you provide the highest level of professional customer service.

A handwritten signature in black ink, appearing to read "Patrick K. Dooley".
